FL State:Error: The managed pipeline component "CozyRoc.RestSource" could not be loaded. The exception was: Could not load type 'CozyRoc.RestSource' from assembly 'Microsoft.SqlServer.PipelineHost, Version=15.0.0.0, Culture=neutral, PublicKeyToken=89845dcd8080cc91'..	FL State	FL State (Florida State [2])
API Connection:Error: There was an exception while loading Script Task from XML: System.Exception: The Script Task "ST_9e881fbd83fe4a2bb4a2ea261a395952" uses version 16.0 script that is not supported in this release of Integration Services. To run the package, use the Script Task to create a new VSTA script. In most cases, scripts are converted automatically to use a supported version, when you open a SQL Server Integration Services package in %SQL_PRODUCT_SHORT_NAME% Integration Services. at Microsoft.SqlServer.Dts.Tasks.ScriptTask.ScriptTask.LoadFromXML(XmlElement elemProj, IDTSInfoEvents events)	API Connection	
Package:Error: The connection type "REST" specified for connection manager "REST Connection Manager 1" is not recognized as a valid connection manager type. This error is returned when an attempt is made to create a connection manager for an unknown connection type. Check the spelling in the connection type name.	Package
